

Frontend developer (f/x/m) in Vienna

20 hours/week in Vienna, fixed-term employment contract

Are you a frontend developer with at least 1 year of professional experience in frontend development? Do you know your way around reactive frameworks such as React or Vue.js? Are you interested in a position where your work positively affects people all around the world? Then this job might be for you!

Open Knowledge Maps is a young and growing organization in the field of scientific knowledge discovery. We are building a visual interface that dramatically increases the visibility of research findings for science and society alike. We are a non-profit organization and we believe that a better way to explore and discover scientific knowledge will benefit us all.

As a frontend developer, you have a major role in delivering relevant scientific knowledge to our users through our free and open services.

Once you join us, you will be:

- Implementing a major code refactoring of our frontend components
- Developing functional and performant user interfaces
- Collaborating with designers
- Testing and maintaining interfaces

Your expertise:

- Minimum 1-2 years of professional experience in frontend development
- Strong skills and experience in core JavaScript
- Expertise in modern JS frameworks (Vue.js and/or React)
- Experience with CSS preprocessors such as SASS/SCSS
- Experience with frontend tools such as webpack
- Experience with JS unit testing and test libraries
- Knowledge of software versioning with Git
- Fluent English

Your competences:

- Interest in User Experience Design
- Strong problem-solving skills and attention to detail
- Adaptability, willingness to learn
- Good communication and collaboration skills
- High motivation and willingness to take responsibility

Frontend developer (f/x/m) in Vienna
